Sir/Madam,

As you are aware, the Central Government has constituted the Committee for Control and Supervision of Experiments on Animals (CCSEA) which is duty bound to take all such measures as may be necessary to ensure that animals are not subjected to unnecessary pain or suffering *before, during or after* the performance of experiments on them. For this purpose, the CCSEA formulated the “Breeding of and Experiments on Animals (Control & Supervision) Rules, 1998” (*amended in 2001 & 2006*) to regulate the experimentation on animals. Under the provisions of above rules, the establishments engaged in Bio medical education, research, breeding and trading of Laboratory animals are required to get registered with CCSEA and to constitute Institutional Animal Ethics Committees (IAECs). The IAEC is responsible for approving Research Protocols on Small Animals and to examine and recommend Research Protocols on Large Animal to the CCSEA.

The CCSEA has proposed to organize “One-day Seminar on Laboratory Animal welfare and Ethics on **27th March, 2025 at PM Bhargava Auditorium, Centre for Cellular & Molecular Biology (CCMB), Habsiguda, Uppal Road, Hyderabad** for the Institutional members of the IAECs and Nominees of CCSEA from the establishments registered with the CCSEA.
